If there is any issue with fit, it is important that you follow our measuring instructions (for chemisettes and chemi-pockets) and size charts (for all products) - provided on the back of the package. For chemisettes and chemi-pockets, following the instructions in the product package allows you to get a perfect individual fit. This allows the panel to stay attached, stay at the height you choose and lay flat. Send us an email with your issue and we will be happy to help. info@chemisettesbyanne.com
